

DRAFT VISION STATEMENT
Greeley Planning Area
October 22, 2010

WHAT IS VISION?

What do you want to be? What do you value most about your neighborhood? What is the one thing, you think everyone in the neighborhood needs to believe? Vision statements identify broad principles upon which the neighborhood plan is based. It represents values that the neighborhood deems as important enough to preserve for future generations. It describes the neighborhood's desired character, key features and amenities.

SUGGESTED GREELEY VISION (2nd Draft):

The Greeley Planning Area is primarily a residential neighborhood, a good safe and stable place for young families and older persons. The Greeley Area is the eastern gateway to Uptown Butte, to current mining operations, the historic entryway to Columbia Gardens, and to the current trail system on Silver Bow Creek. Greeley residents and Continental Pit mining operations acknowledge their proximity to each other and work to understand and address issues of concern. There is pride of ownership in the neighborhood, a strong sense of community with a good system of well-maintained streets, storm drainage, and sidewalks to serve the neighborhood for the long-term.
